This annual report is being provided to you by the Student Financial Aid Office as part of the LSU Health Sciences Center-Shreveport Financial Wellness and Debt Management Program for students. The purpose of the report is to provide you with a summary of your student loans and information on repayment options and responsibilities.

The report is divided into the following two sections:

**Section 1: Total Loan Debt:** - Provides a summary of institutional, federal, and private student loans that you borrowed while in attendance at LSUHSC-S. The loan debt total may not reflect payments that you may have paid directly to your lender. The amount listed for "Prior Debt (NSLDS)" is the total amount of loans that you borrowed prior to attending LSUHSC-S. The "Prior Debt (NSLDS)" entry will not appear on the summary report for students who did not borrow at other colleges or universities.

**Section 2: Total Loan Debt for All Graduating Students in Your Career:** - Provides the total amount borrowed and other borrower statistics for all loan recipients in your current graduating class.

To view your detailed loan information, you should access the National Student Loan Database System (NSLDS) at [www.nsls.ed.gov](http://www.nsls.ed.gov) by using your FAFSA PIN. The detailed data will provide you with information regarding your lender, outstanding loan balances, loan status, and disbursements for all federal loans including those borrowed at schools other than LSUHSC-S. NSLDS will not report information for private loans. You must contact the lending agency for your private loans to obtain that information. The following links are to online sites where you can obtain information to better understand your repayment responsibilities, repayment options, and to management your student loan debt.

"What you need to know about repaying student loans..."

"Loan Calculators"

<http://www.finaid.org/calculators/>

All federal student loan borrowers are required to complete a student loan exit counseling session toward the end of their graduating term or at the time of withdrawal from the institution. Reminders for exit counseling will be emailed to graduating seniors during their last term.

---

### Your Total Loan Debt :
