Webinar Package

The Webinar Package is a discount package that includes all ten fee-based Webinars offered in 2015-16. It provides an easy and convenient way to implement student aid requirements that directly impact your aid office. Each webinar is presented by NASFAA staff and experienced student aid professionals who understand the challenges you face every day in the trenches. Each webinar features a live Q&A session to answer your specific questions and discuss common problems with colleagues so you don't have to go it alone.

All NASFAA members will continue to receive free, live webinars throughout the year on critical, timely legislative and regulatory issues, including Notices of Proposed Rulemaking (NPRMs).

The Webinar Package is only available to NASFAA members and cannot be prorated. It costs \$395 for all 10 webinars during the membership year July 1, 2015 – June 30, 2016 – a huge savings! There are unlimited site licenses - everyone at your institution/organization with a myNASFAA account can participate from his/her own computer.

Since each live webinar is recorded and available for up to one year, allowing ample time to view each Webinar, refunds are not provided for individual webinars. Access to all archived webinars expires June 30, 2016.

Please note: archived webinars may be removed from the website at any time if the content becomes out-of-date due to regulatory changes.
