proposed alternatives. Since that time, in the course of project planning and preliminary impact analysis, it no longer appears that impacts associated with project implementation would rise to a level necessitating an EIS, so the Fort Worth District has decided to complete NEPA compliance by preparing an Environmental Assessment instead. Therefore, the Fort Worth District is withdrawing the NOI to prepare a Draft EIS.

Douglas C. Sims, Chief, Environmental Compliance Branch, Regional Planning and Environmental Center.

DEPARTMENT OF EDUCATION
(Catalog of Federal Domestic Assistance (CFDA) Number: 84.420A)

Reopening: Application Deadline for Fiscal Year 2015; Performance Partnership Pilots

AGENCY: Office of Career, Technical, and Adult Education, Department of Education.

ACTION: Notice.

SUMMARY: On April 26, 2016, we published in the Federal Register (81 FR 24573) a notice inviting applications (NIA) for the Fiscal Year (FY) 2015 Performance Partnership Pilots (P3) competition. The NIA established a deadline date of June 27, 2016, for the transmittal of applications. This notice reopens the competition until July 19, 2016.

DATES:
Deadline for Transmittal of Applications: July 19, 2016.

SUPPLEMENTARY INFORMATION: We are reopening this competition in order to allow applicants more time to prepare and submit their applications. A number of applications received in response to the NIA were not eligible because the applications did not meet all of the requirements in the NIA, including the deadline for the submission of applications. Therefore, we are reopening the competition to allow applicants to submit or resubmit applications that meet all of the requirements in the NIA.

Applicants that have already submitted applications under the FY 2015 P3 competition are encouraged to review their applications and determine whether they have met all eligibility and application requirements, including the original deadline for submission, in the NIA and the application package, which is available on the Grants.gov Apply site. Applicants may review a recorded Webinar that discusses the eligibility and application requirements at http://youth.gov/youth-topics/reconnecting-youth/performance-partnership-pilots/round-2-bidders-conference-recording.

As stated above, applicants may resubmit applications that may not have met all of the requirements in the NIA. Applicants that have already submitted timely applications that meet all of the requirements of the NIA do not have to resubmit their applications. If a new application is not submitted, the Department will use the application that was submitted before the June 27, 2016, 4:30 p.m., Washington, DC time, deadline. Applications that did not meet the June 27, 2016, 4:30 p.m., Washington, DC time, deadline must be resubmitted to be considered for review.

Note: All information in the NIA for this competition remains the same, except for the deadline date. We remind applicants that, to be eligible, the application must be submitted by a State, local, or tribal government. Further, the application must identify two or more discretionary Federal programs1 that will be included in the pilot, at least one of which must be administered (in whole or in part) by a State, local, or tribal government. These programs must be discretionary programs administered by one of the agencies to which the P3 authority provided in the Consolidated and Further Continuing Appropriations Act, 2015 (2015 Appropriations Act) or the Consolidated Appropriations Act, 2016 (2016 Appropriations Act) applies. These agencies are the Departments of Education (ED), Health and Human Services (HHS), Justice (DOJ),2 and Labor (DOL), the Corporation for National and Community Service (CNCS), and the Institute for Museum and Library Services (IMLS).3 Further, applicants are reminded that, to be eligible for the FY 2015 competition, applications must include some eligible FY 2015 funds from programs at ED, HHS, DOL, CNCS, and IMLS. Applicants may also include FY 2016 funds in their applications, including programs funded under DOJ’s Office of Justice Programs, due to the authority in the 2016 Appropriations Act. However, if an applicant intends to use solely FY 2016 or FY 2017 funds, it is not eligible to be a FY 2015 pilot.

Accessible Format: Individuals with disabilities can obtain this document and a copy of the application package in an accessible format (e.g., braille, large print, audiotape, or compact disc) on request to either of the program contact persons listed under FOR FURTHER INFORMATION CONTACT in this notice.

Electronic Access to This Document: The official version of this document is the document published in the Federal Register. Free Internet access to the official edition of the Federal Register and the Code of Federal Regulations is available via the Federal Digital System at: www.gpo.gov/fdsys. At this site you can view this document, as well as all other documents of this Department published in the Federal Register, in text or Portable Document Format (PDF). To use PDF you must have Adobe Acrobat Reader, which is available free at the site.

You may also access documents of the Department published in the Federal Register by using the article search feature at: www.federalregister.gov. Specifically, through the advanced search feature at this site, you can limit your search to documents published by the Department.

Agreements that will be established under the April 26, 2016 NIA. An NIA for FY 2016 pilots that may include FY 2016 Homeless Assistance Grants is expected to be issued later this year.
DEPARTMENT OF ENERGY

[OE Docket No. EA–422]

Application To Export Electric Energy; Tidal Energy Marketing Inc.

AGENCY: Office of Electricity Delivery and Energy Reliability, DOE.

ACTION: Notice of application.

SUMMARY: Tidal Energy Marketing, Inc. (Applicant or Tidal) has applied for authority to transmit electric energy from the United States to Canada pursuant to section 202(e) of the Federal Power Act.

DATES: Comments, protests, or motions to intervene must be submitted on or before August 11, 2016.

ADDRESSES: Comments, protests, motions to intervene, or requests for more information should be addressed to: Office of Electricity Delivery and Energy Reliability, Mail Code: OE–20, U.S. Department of Energy, 1000 Independence Avenue SW., Washington, DC 20585–0350. Because of delays in handling conventional mail, it is recommended that documents be transmitted by overnight mail, by facsimile to 202–586–8008. or by electronic mail to Exports@hq.doe.gov, or by facsimile to 202–586–8008.

SUPPLEMENTARY INFORMATION: Exports of electricity from the United States to a foreign country are regulated by the Department of Energy (DOE) pursuant to sections 301(b) and 402(f) of the Department of Energy Organization Act (42 U.S.C. 7151(b), 7172(f)) and require authorization under section 202(e) of the Federal Power Act (16 U.S.C. 824a(e)). On June 8, 2016, DOE received an application from Tidal for authority to transmit electric energy from the United States to Canada for a power marketer for five years using existing international transmission facilities. Tidal is contemporaneously applying to make wholesale power sales at market-based rates from the Federal Energy Regulatory Commission (FERC). In its application, Tidal states that it does not own or operate any electric generation or transmission facilities, and it does not have a franchised service area. The electric energy that Tidal proposes to export to Canada would be surplus energy purchased from third parties such as electric utilities and Federal power marketing agencies pursuant to voluntary agreements. The existing international transmission facilities to be utilized by Tidal have previously been authorized by Presidential permits issued pursuant to Executive Order 10485, as amended, and are appropriate for open access transmission by third parties.

Procedural Matters: Any person desiring to be heard in this proceeding should file a comment or protest to the application at the address provided above. Protests should be filed in accordance with Rule 211 of the Federal Energy Regulatory Commission’s (FERC) Rules of Practice and Procedures (18 CFR 385.211). Any person desiring to become a party to these proceedings should file a motion to intervene at the above address in accordance with FERC Rule 214 (18 CFR 385.214). Five copies of such comments, protests, or motions to intervene should be sent to the address provided above or before the date listed above.

Comments and other filings concerning Tidal’s application to export electric energy to Canada should be clearly marked with OE Docket No. EA–422. An additional copy is to be provided directly to both Stacy Myers, Enbridge Energy Company, Inc., 1100 Louisiana, Suite 3300, Houston, TX 77002 and Kari Olesen, Tidal Energy Marketing Inc., 425 1st Street SW., Calgary, Alberta T2P 3L8.

A final decision will be made on this application after the environmental impacts have been evaluated pursuant to DOE’s National Environmental Policy Act Implementing Procedures (10 CFR part 1021) and after a determination is made by DOE that the proposed action will not have an adverse impact on the sufficiency of supply or reliability of the U.S. electric power supply system. Copies of this application will be made available, upon request, for public inspection and copying at the address provided above, by accessing the program Web site at http://energy.gov/node/11845, or by emailing Angela Troy at Angela.Troy@hq.doe.gov.

Issued in Washington, DC, on July 5, 2016.

Christopher Lawrence,
Electricity Policy Analyst, Office of Electricity Delivery and Energy Reliability.

DEPARTMENT OF ENERGY

National Nuclear Security Administration

Amended Record of Decision for the Continued Operation of the Y–12 National Security Complex

AGENCY: National Nuclear Security Administration, Department of Energy.

ACTION: Record of decision.

SUMMARY: The National Nuclear Security Administration (NNSA), a separately organized agency within the U.S. Department of Energy (DOE), is amending its July 20, 2011, Record of Decision for the Continued Operation of the Y–12 National Security Complex (2011 ROD) (76 FR 43319) to reflect its decision to implement a revised approach for meeting enriched uranium (EU) requirements, by upgrading existing EU processing buildings and constructing a new Uranium Processing Facility (UPF). Additionally, NNSA has decided to separate the single-structure UPF design concept into a new design consisting of multiple buildings, with each constructed to safety and security requirements appropriate to the building’s function. This revised approach is a hybrid of two alternatives previously analyzed in the 2011 Final Site-Wide Environmental Impact Statement for the Y–12 National Security Complex, DOE/EIS–0387 (Y–12 SWEIS). The scope of this Amended ROD is limited to actions which have been found necessary to sustain Y–12’s capability to conduct EU processing operations in a safe and secure environment. Those actions are also addressed in a Supplement Analysis (SA) (DOE/EIS–0387–SA–01), issued by NNSA in April 2016. All other defense mission activities and non-defense mission activities conducted at Y–12 under the alternative selected for implementation in the 2011 ROD are outside the scope of this decision. As a result of preparing the SA, NNSA has determined that no further National Environmental Policy Act (NEPA) analysis is needed to support this Amended ROD.

FOR FURTHER INFORMATION CONTACT: For further information on this Amended ROD, the SA, or to receive a copy of the SA, contact: Ms. Pam Gorman, SA Document Manager, U.S. Department of Energy, National Nuclear Security Administration, UPF Project Office, P.O. Box 2050, Oak Ridge, TN 37831–0116; or Pamela.Gorman@upo.doe.gov; or (865) 576–9018. For information on the DOE NEPA process, contact: Ms. Carol M. Borgstrom, Director, Office of NEPA.
