Coronavirus Response and Relief Supplemental Appropriations (CRRSA) Act

- Part of 2021 Consolidated Appropriations Act included coronavirus relief measures for Higher Education Institutions
  - $23 billion for institutions of higher education
  - $20 billion will go to public and private nonprofit institutions
  - $1.7 billion to minority-serving institutions
  - $113.5 million for institutions with the greatest unmet need related to the pandemic through FIPSE
  - $680 million to proprietary institutions
    - 100% of funding must go to students

CRRSA Fast Facts:

- Almost 10 billion more for higher education than in CARES ($14 billion)
  - Higher education community requested $120 billion
- Uses same funding structure as CARES (HEERF)
- Democrats have called this a “down payment”
**Additional CRRSA Act Provisions**

- **Does not** extend the federal student loan borrow relief provisions included in the Cares Act past ED’s most recent extension of January 31, 2021.
- Extends provision allowing employers to contribute up to $5,250 tax-free toward their employees’ student loan debt to payments made before Jan. 1, 2026.
- SNAP eligibility will not be limited for postsecondary students who are enrolled at least half-time and who are either eligible to participate in work-study or have a zero EFC.

---

**Just In**: HEERF II Guidance

- Institutions that already received CARES Student Share and Institutional Share Funds will receive an email in the next few weeks.
  - Drawing down funds constitutes acceptance of HEERF II terms and conditions.
- Institutions that didn’t receive CARES Student Share or Institutional Share Funds must complete Certification and Agreement.

---

**Just In**: HEERF II Guidance

- Institutions must spend supplemental funds within one year from the date of receipt.
- Institutions must spend at least the same amount on student grants as they were required to with the CARES Act funding.
  - Allocation tables reflect the amount institutions must spend on student grants.
- Students are not required to meet all of the Title IV eligibility requirements.
  - DACA, undocumented, international, remain ineligible.

### FAFSA Simplification

---

**Changes for Future Award Years**

- FAFSA simplification
  - FUTURE Act coordination
- FAFSA changes effective for the 2023-24 award year
FAFSA Simplification

- Fewer untaxed income items factored into FM formula
  - Child support received now reported with assets
- Change to who is reported as parent in cases of divorce/separation
- State/other tax removed
- Small business/family farm exclusion eliminated
- No SAI split for number in college
- No asset questions for:
  - MTB recipients
  - AGI < $60K and no tax schedules
  - AGI < $60K and only Schedule C, provided Schedule C gain/loss < $10K

Need Analysis & Pell Grant Eligibility

- Expected Family Contribution (EFC) is now Student Aid Index (SAI)
- SAI can be as low as -$1,500
- SAI determines eligibility for all Title IV aid except maximum and minimum Pell grant awards.
  - Student is considered for max Pell first
  - Based on # of parents in hh and AGI vs. poverty
  - If no qualification for maximum Pell:
    - [Maximum Pell amount - SAI = Pell amount]
    - Still rounded to nearest $5
    - Still subject to statutory minimum
  - If no max Pell and no Pell award from the SAI calculation, student is considered for minimum Pell
  - Based on # of parents in hh and AGI vs. poverty

Maximum Pell Grant Eligibility

- Nonfilers
  - Independent student (and spouse, if applicable) tax nonfilers
  - Dependent children of nonfiling parent(s)
- Children of certain deceased veterans and public safety officers
  - Students under age 33 whose parent died serving in the armed forces after Sept. 11, 2001
  - Students under age 33 whose parent died in the line of duty as a public safety officer
- Low-income students:
  - Independent students who are single parents and whose student AGI is below 225% of the poverty level
  - Dependent children of a single parent whose parent AGI is below 225% of the poverty level
  - Independent students who are not single parents whose student AGI is below 175% of the poverty level
  - Dependent students with parents who are not single parents whose parent AGI is below 175% of the poverty level
Drug Convictions and Selective Service Registration

- Eliminates the suspension of Title IV aid eligibility for applicants with drug-related convictions
- Removes the requirement that male students must register with the Selective Service before the age of 26 in order to be eligible for federal aid
- Questions on drug convictions and Selective Service eligibility would be removed from the FAFSA

Subsidized Usage Limit Applies (SULA)

- Repeals the maximum lifetime subsidized loan limit (SULA) of 150% of published program length
- Requires ED to implement the repeal by July 1, 2023 at the latest but allows for early implementation by ED
Pell for Incarcerated Students

- Restores Pell Grant eligibility for incarcerated individuals who are currently prohibited from accessing Pell Grants
- Institutions must be approved to participate
  - Optional
  - Proprietary institutions not eligible

Professional Judgment (PJ)

- Prohibits institutions from maintaining a policy of denying all PJ requests
- Allows FAAs to offer a dependent student an unsubsidized loan without requiring the parents to fill out the FAFSA if the student does not qualify for, or does not choose to have a professional judgment review
  - FAA would have to determine that the parent(s) of the student ended support or would not fill out the form
- Allows FAAs during a qualifying emergency to use PJ to zero out income earned from work if the applicant can provide paper or electronic documentation of receipt of unemployment, or can provide proof that an application for unemployment benefits was submitted

Provisional Independent Status

- Allows otherwise dependent students to complete the FAFSA as a "provisional" independent student if they believe they may qualify for independent student status due to unusual situations and would likely meet the criteria for a dependency override
- Allows an EFC to be calculated and the student would receive an estimate of Pell Grant eligibility on SAR
- School would be required to notify these students of the institution’s process, requirements, and timeline for professional judgment
Dependency Overrides

- Schools must presume any student who received a dependency override for any preceding award year to be independent for each subsequent year at the same institution unless:
  - They are informed by the student of changes to their circumstances; or
  - The school has conflicting information.

Cost of Attendance (COA)

- Gives ED the authority to regulate all COA components except tuition and fees
  - Currently forbidden by the Higher Education Act
- Requires the food allowance for on-campus or off-campus to provide the equivalent of at least three meals per day
- Requires the inclusion of the one-time cost of obtaining the student’s first professional licensure, if applicable
  - Currently optional

Cost of Attendance (COA)

- Requires actual federal loan fees in COA and removes the option to include private loan fees
- Institutions will be required to make publicly available a list of all the elements of the COA
  - Must also disclose those figures on any portion of the website describing tuition and fees
